# Cine Transfer

**Customer  
Order  
Form**

Super 8 and standard 8 cine-films come in different sizes: 50 ft, 200 ft, and 400 ft. For transfer to mp4 file we charge £10 for each 50 ft reel, £28 for each 200 ft reel and £38 for each 400 ft reel. If you choose the additional option of your cine on DVD, the maximum running time is 100 minutes; you will need a second disk if your presentation is longer.

Reel sizes and running times are 'nominal'. A 30 ft sequence on a 50 ft reel, for example, is charged at £10, while, similarly, 175 ft on a 200 ft reel costs £28. But we adjust for fairness and clearly under-size reels are charged less. The concession does not apply to 50 ft reels. Your original cines are returned to you with your completed order.

The minimum charge for cine on memory stick is £40. Each original DVD is £40; a second original DVD (where your cine presentation is longer than 100 minutes) is an additional £40. All copy DVDs are £10 each. Show which original DVDs you want on the back of this form and how many additional copies of each, if required. We do not usually charge p&p for any of our services.

Work out the likely cost of your cine transfer below. For your convenience, the suggested running time for reels is added.
